SPORTS OF THE WORLD

Latest Gleanings From the Coast
Files and Special Dis-
patches.

NEW YORK, June 26.—The Herald
says: It is now definitely settled that
Nash Turner will ride Bonnybert in the
American Derby at Washington Park
on Saturday. The Parader will leave to-
day for Chicago, and will be ridden in
the big race by Piggott. The colt
worked a mile and a half, with Pig-
gott up, at Sheepshead Bay Wednes-
day morning in 2:33 1-5. If Outlander
goes Spencer will ride him, otherwise
he will be on Beau Gallant.

AMONG THE PUGILISTS.
NEW YORK, June 26.—Billy Mad-
den, manager of Gus Ruhlin, declared
that he has waited long enough on
Jeffries, and if the Californian does
not agree to a match at a very early
date he will claim the world's cham-
pionship for the Akron fight. He will
then, he says, arrange a fight with the
next best man, and will let Jeffries go.
Madden says that he has done every-
thing possible to get a definite answer
from the champion to his numerous
propositions, but he has been practi-
cally ignored.

More than a year has elapsed since
Jeffries defeated Corbett, and Madden
thinks it about time he entered the
ring again.

THE UGANDA WILDS.

Ape Men and Tame Zebras and Ante-
lopes Found.

LONDON, June 17.—Sir Harry Ham-
ilton Johnston, special commissioner
for the Uganda protectorate, has re-
turned to London after an absence of
two years. He brings stories of Ugan-
da rivaling Henry M. Stanley's de-
scription of Darkest Africa. Sir Harry
relates that the country surrounding
Moatelelon is totally depopulated as
a result of tribal wars, and is conse-
quently marvelously stocked with big
game that are as tame as English
park deer. Zebras and antelopes can
be approached to within ten yards,
and there is no sport in killing them.
Elephants and rhinoceros are also
abundant, and, according to Sir Har-
ry, lions in Uganda are too busy eat-
ing heartbeats to notice a passing car-
avan. The prehistoric giraffe has been
discovered in this country by the com-
missioner, who proposes to maintain
the region referred to as a national
park.
He photographed a race of ape men
in the Congo forest differing entirely
from Stanley's pygmies, and secured
phonograph records of their language
and music. He says that twelve vari-
eties of rubber trees are found in this
country in inexhaustible supply.
